We are each of us born into this life
with a particular purpose, or mission,
A gift to give the world.

We will find that whatever is our passion is generally
That which is related to our purpose
and for which we have a particular gift
To develop and share.

We all have dreams and wishes.
Unless we do Something about them,
that is exactly what they remain.

It is action that
Brings our dreams and wishes to life.  
We can do this by setting goals  
And taking it step by step until our goals are realized.

Never be daunted  
By those who would discourage you.  
Listen to and act on your inner voice,  
Let your life be an adventure!  
Mistakes and all

After all, it is your life!
